Audit Committee Charter

1. Review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval.

Review of Financial Statements and Accounting Policies

2. Before each earnings release and related investor conference call, including releases reiterating or updating earnings guidance, review and discuss with management and the independent auditor such press releases, including the financial information, use of any non-GAAP information, and earnings guidance included therein. Prior to the filing of each Form 10-Q, review with management and the independent auditor such Form 10-Q, including the quarterly financial statements therein. This review may be conducted either through the entire Committee or through its Chair on the Committee's behalf.
3. Review and discuss reports from management and the independent auditors on (a) all critical accounting policies and practices used by the Company, and (b) alternative accounting treatments within GAAP related to material items that have been discussed with management including the ramifications of the use of the alternative treatments and the treatment preferred by the independent auditor. Discuss with the independent auditor any accounting issues which were referred to the auditor's national office during the period. In regard to quarterly reviews, this discussion may be held either through the entire Committee or through its Chair on the Committee's behalf.
4. Review the Form 10-K, including the Company's annual audited financial statements with management and the independent auditor before publication, including major issues regarding accounting and auditing principles and practices as well as the adequacy of internal controls that could significantly affect the financial statements, and the schedule of audit adjustments if any. When satisfied, recommend to the Board that the financial statements be included in the annual report to shareholders and annual report on Form 10-K.
5. Review with management any off-balance sheet related entities on the Company's financial statements.
6. Review analyses prepared by management and the independent auditor of significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements.

Approve any employment by the Company of an individual who had, at any time during the prior three year period, provided services to the Company while employed by the Company's independent auditor. The Company may not employ any person as the Company's chief executive officer, controller, chief financial officer, chief accounting officer or any person serving in an equivalent position for the Company, who, during the one- year period preceding the date of the initiation of the current audit (1) was employed by the Company's current independent auditor and (2) participated in any capacity in the audit of the Company.

 - (ii) the confidential, anonymous submission by employees of the Company regarding questionable accounting or auditing matters.
24. The Audit Committee shall make regular reports to the Board concerning the Committee's actions, conclusions and recommendations.

While the Audit Committee shall have the responsibilities and powers set forth in this Charter, it shall not be the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. These instead shall be the responsibility of management and the independent auditor.
